

Partners

ETHERMEDIA partners with popular media rights or license owners such as creators, publishers or agents to bring valuable content as wonderful iPhone Apps. Whether you are an individual or company, publisher, retailer or distributor of print media, ETHERMEDIA is a whole new channel of digital or eDistribution for you.

ETHERMEDIA currently specializes in the iPhone platform and eventually plans to be available in other platforms such as ANDROID, Nokia and BADA. ETHERMEDIA's award winning revolutionary touch media viewer solution enables fast creation of iPhone Apps for your media content.

Browse the various media apps already created and published on ETHERMEDIA. Contact us at ethermedia@iRemedi.com to learn more.
